Mr. Al Pauole

Assistant Manager for Environmental Management

U.S. Department of Energy

Rocky Flats Office

P.O. Box 928

Golden, CO 80402-0928

RE:

Permit Modification - OU 2 Corrective Action Schedule of Compliance

Dear Mr. Pauole,

On April 16, 1992 the Hazardous Materials and Waste Management Division of the Colorado Department of Health (the Division), initiated a forty-five day public comment period for the purpose of incorporating Subsurface Interim Measure/Interim Remedial Action (IM/IRA) for three areas in Operable Unit 2 into the Corrective Action part of the Rocky Flats Operating Permit. The Subsurface IM/IRA outlines a plan to identify and evaluate different ways to remove residual free-phase volatile organic compounds (VOC's). The public comment period concluded on June 7, 1992. The Division has incorporated the following milestone schedule additions into the Corrective Action (Part XV) of the Rocky Flats permit.

A revised Rocky Flats permit will be issued shortly after November 10, 1993. If you have any questions concerning this letter, please contact Chris Gilbreath at (303) 692-3371, or Lisa Weers at (303) 692-3451.

Sincerely,

Gary W. Baughman, Chief

Hazardous Waste Facilities Section

Hazardous Materials and Waste Management Division
